DONALD BRIAN BRADLEY  
064392 COUNTY ROAD 3  
EAST GARAFRAXA ON L9W 7J5

Dear Mr. Bradley:

Thank you for your letter. You have raised concern regarding the notice for the amended Official Plan and Amended Rezoning Application for the Tri-County proposal.

The notice does not specify West and East Parts as you correctly point out, however the mapping attached to the notice confirms that the Official Plan Amendment and Rezoning is for the lands subject to the Tri-County proposal only.

We further confirm that your lands being located at the East ½ of Concession 18, described as Concession 18, Part Lots 4 and 5 RP 7R2627, Parts 3 and 4 are not included in the applications and are not being re-designated or rezoned under these applications.

We trust that this clarification addresses your letter of August 22, 2017. We note that the Township has an ongoing Official Plan review to respond to Provincial requirements. To the extent that there are environmental features on your property, you may want to monitor that process. That review is separate and distinct from the Tri-County proposal.

Yours truly,

CORPORATION OF THE  
TOWNSHIP OF EAST GARAFRAXA
