Dear Ms. Gervais:

Further to our May 5th email submission we have enclosed the following:

3 copies of our response to your consultants' peer reviews:

- Stovel Associates Level 1/2 NER Review;
- Stovel Associates Surficial Soils Review;
- Aercoustics Response to Valcoustics Noise Control Review; and
- Groundwater Science Corp. response to Burnside Groundwater Memo

5 full size copies of the current Site Plan drawings:

- 5 May 2016, Existing Features Plan

We have listed the date and revision details in red in the amendments block on each of the drawings. The revisions have also been highlighted in yellow, on the plan view and notes.

We have also included 5 copies of the full size Plan of Survey, correctly showing the road widenings: Part 2 on our Client's 18th Line frontage; and Part 5 on the Kamphuis 17th Line frontage.

Yours very truly,
