

March 6, 2025

Dear Sir or Madam:

**Re: On-Site Meeting - Rescheduled
Thunderbird Municipal Drain
Township of East Garafraxa
Our Reference No. EG-001**

This letter is being circulated to provide an update and outline the next steps for those affected by the **Thunderbird Municipal Drain**.

An initial meeting for this project was originally scheduled for February 13, but due to poor weather conditions, it was postponed. We have now rescheduled the meeting for **March 27, 2025, at 4:00 PM**. The meeting will be held **in person** at the **Council Chambers at the Township Office (065371 Dufferin County Road 3, Unit 2, East Garafraxa)**, with a **virtual attendance option** also available for those who prefer to join online.

If you choose to join virtually or cannot attend in person, please use the Zoom link provided below to register to join the meeting virtually. After registering, you will receive a confirmation email containing information about joining the webinar. The link to register will also be available on the Township's website under the events calendar, as well as on our website where it can be accessed using the instructions below. Please note that registration will be required to join the meeting virtually.

Register in advance for this webinar:

https://us02web.zoom.us/webinar/register/WN_MRdb75_cSGG0gO6vV_YU9g

The draft watershed plan is also available through our website. Please use the following instructions for accessing the meeting materials.

1. Visit www.headwayeng.ca
2. Select **'Public Engagements'** from the upper right corner.
3. Find **'Thunderbird Drain'** and select **'Read More'**.
4. You will be prompted for a password. The Password is: **EG-001**

This is the initial meeting under the Drainage Act, and its primary purpose is for affected landowners to provide the engineer with information concerning the possible drainage works. You, as an owner of land affected by this municipal drainage project, are asked to attend if you have any questions or suggestions concerning the potential work.

Furthermore, please bring to the meeting any tile maps that you may have for lands within the watershed as indicated on the attached plan, or any photo of flooding or drainage issues affecting your property.

If you have any questions beforehand, please telephone (226) 243 6614.

Yours truly,

Michel Terzian
Project Coordinator
HEADWAY ENGINEERING
